#### **Canada Post Strike Commencing in Winnipeg**

*June 2, 2011*

According to the USPS, The Canadian Union of Postal Workers (CUPW) gave Canada Post notice today that a strike will commence this evening at 11:59 EDT in Winnipeg. The strike will last for a period of at least 24 hours. As it is only Winnipeg that is going to be initially affected, the USPS' normal operation schedule for Canadian mail will not be disrupted for today. After the 24 hour period, other locations may be added to the strike list.

The USPS will continue discussions with Canada Post management tomorrow and over the weekend to monitor any further developments or additional strike actions that may affect Canadian mail for next week.

Brokers Worldwide continues to work closely with the US Postal Service to monitor this situation, and will provide our customers with updates as they become available.
