## **WORLDWIDE NEWSFLASH**

### **Hurricane Irene Impact on Operations**

*August 26, 2011*

Hurricane Irene is currently moving up the East Coast and will continue to do so throughout the weekend and into early next week. Irene is expected to potentially cause flooding rains, high winds, downed trees and widespread power outages throughout areas in the Mid-Atlantic and Northeast.

At this time, Brokers Worldwide's Folcroft, PA facility is operating normally. We will continue to work with our postal vendors to monitor this situation and adjust our shipping and receiving plans for the PA facility accordingly. Brokers Worldwide will directly contact any affected customers about alternate plans should scheduled pick ups or shipments become delayed as a result of the weather. We will also continue to monitor this situation and will provide our customers with updates as they become available.
