Hurricane Irene Impact on Operations: Update

August 29, 2011

Mail processing at Brokers Worldwide's Folcroft, PA facility was not affected by Hurricane Irene. However, delays in the delivery of mail are still possible as a result of flooding, downed trees and power outages in various areas up and down the East Coast and the shut down of the JFK International Airport.

Domestic Mail

For an update on specific areas where domestic mail delivery may be affected by the hurricane, please refer to the USPS' *Mail Service Updates* online at <http://about.usps.com/news/service-alerts/welcome.htm>.

International Mail

As a result of the hurricane, the JFK International Airport was closed effective Saturday, August 27th at 12:00 pm ET. JFK airport is scheduled to re-open today at 12:00 pm ET. As a result of the shutdown, customers should expect some delays through midweek until operations return to normal at the JFK Airport.

Brokers Worldwide will continue to monitor this situation and will provide our customers with updates as they become available.

Regards,
Brokers Worldwide
