

Brokers Worldwide Celebrates 25th Anniversary in 2011
Company Thanks Customers and Employees for Their Contributions Over Last 25 Years

Philadelphia, PA, May, 2011 - Founded in 1986, Brokers Worldwide, an industry leader in international and domestic mail and parcel solutions, announces it is celebrating its 25th anniversary in 2011. For 25 years, Brokers Worldwide has been at the forefront of the mailing industry, providing its customers with creative solutions while remaining true to its commitment to offer dedicated, top-notch customer service. While the company and the industry alike have changed in many ways over the past 25 years, in the most fundamental way Brokers Worldwide remains the same. The early partners of Brokers Worldwide set in place the founding values and mission statement that still stand today and have guided Brokers Worldwide to become one of the largest international and domestic mail and parcel consolidators in the United States.

"We are proud to celebrate this landmark achievement of 25 years in business as it represents our flexibility in an ever-changing parcel and mail distribution industry," said Michael Hastings, Brokers Worldwide's Chief Executive Officer. "The key drivers for the company's success over the last 25 years have been the commitment and dedication of Brokers Worldwide employees, consistent investment in technology and automation, improved service offerings, and most importantly the support we received from our clients."

Twenty-five years ago, Brokers Worldwide offered International Mail & Package Consolidation Services out of one Philadelphia office. Today, headquartered in a 90,000 square foot facility just outside of Philadelphia, with additional operating facilities in the Chicago and Los Angeles areas, Brokers Worldwide has evolved its service offerings to include fully tracked International & Domestic Parcels Services, Fulfillment & Lettershop Services, Domestic Mail & Parcel Consolidation Services, Data Processing, and Inbound USA Mail & Parcel Services.

In addition to expanding its service offerings, Brokers Worldwide is now the largest cross-border mail subsidiary of Groupe La Poste, one of the leading postal operators in the world. "The global distribution network of La Poste makes it a leading worldwide player in mail and parcel sectors. Being part of this organization, Brokers Worldwide benefits from expanded international distribution capabilities as well as additional postal savings," said Mark Feinstein, Brokers Worldwide's Sr. Vice President Business Development. Ultimately, Brokers Worldwide's services combine the flexibility of the largest U.S. consolidator with the strength and expertise of the La Poste worldwide network.

Looking Ahead

"We are committed to maintaining the same level of excellence, performance and innovation in parcel and mail preparation and distribution as we have for the past 25 years. Our objective is to provide our customers with the best systems, services and solutions to solve their distribution needs," said Gary Shunk, Brokers Worldwide's Sr. Vice President of Sales & Marketing. "We have a great deal of gratitude towards our customers for placing their trust in us for the past 25 years! All of us here at Brokers Worldwide are looking forward to continuing to offer creative postal solutions for many years to come!"
